Brand New Book ***** Print on Demand *****.The 24th Division and XVIII Airborne Corps performed the impossible in February 1991. In less than 100 hours, MG McCaffrey moved across 635 miles of desert, reached the Euphrates River from the border between Iraq and Saudi Arabi, turned east toward Basrah and Saddaam Hussein and his elite guard surrendered. An equally impossible feat, surgical support accompanied him throughout his attack, never more than 30 minutes from the fight. The Dream, is the story of how the medical plan came together. Never before in the history of the Armed Forces had the medical force been faced with such a challenge. The doctrine, the manuals that were supposed to provide the answers repeatedly came up short. The Dream provides the answers to how support never envisioned before not only stayed with the fighting force, but improved their survival rate almost 10 higher than previous conflicts.
