Lulu.com, United States, 2014. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.This book is a sampling of my publications in several forms and genres. I hope these selections will move the reader to read my novels and story collections available through Amazon, (Barnes Noble, etc., or on the publishers own sales websites. In addition to novel, short story, poem, and dramatic excerpts, Pictures of the Invisible includes a number of microfictions first posted on my popular Memorable Fancies website, , also at Memorable Fancies on Facebook. If there is one overriding theme in these pieces, it is strangeness, whatever the genre: the feeling that something is not quite the way we thought it was, and that the longer we live and the more we learn, the more strange our reality seems. This has always been true of both particle physics and the human mind. It is true, as well, of everything else.
