Brand New Book ***** Print on Demand *****.Excerpt from Breeds of Light Horses This Bulletin gives concise information regarding breeds of light horses and will be particularly useful to farmers in sections where light horses are preeminently fitted for farm work, such as mountainous and hilly sections and where there are markets for horses for saddle and driving purpose. The breeds discussed are the Arabian, Thoroughbred, Standardbred, American Saddle Horse, Morgan, Hackney, French Coach, German Coach, and Cleveland Bay. Of these, the Standardbred, American Saddle Horse, and Morgan breeds were developed in this country. The origin, development, general appearance, and adaptability of the light breeds are discussed. There is no best breed of light horses. Some breeds are superior to others in certain respects, and one breed may be better adapted to certain local conditions than another. The general requirements for a section and the popularity of a certain breed in a locality should receive the utmost consideration in choosing a breed.
