He lived in a time and a land needing the resistance of any artist who would not wish to resign his title and become afraid. He was a figure in our stable, immemorial, dignified English society: he was ever in a deep harmony with its ruling caste; a way of life which makes more surely for practice and high civic uses than for unimpeded poetry, and more for the contentment and accomplishment of the intelligence than for its free and daring, or even its disinterested, play. The last half century of his life was a phase of high formative value in English thought, but is already stamped in intellectual history with something of what the Germans call *Halbheit*; and this Tennyson expresses. Their work served education well. Thoroughly English figures, answerable for who shall say how many well-trained minds that were in turn to train others, they help, on retrospect, to intensify that sense of *Halbheit*, of which Tennyson, who stands near their group, remains the exponent to a far larger audience than theirs.
