

The Right Kind of Crazy: A True Story of Teamwork, Leadership, and High-Stakes Innovation (Hardback)

By Adam Steltzner

Penguin Putnam Inc, United States, 2016. Hardback. Book Condition: New. 237 x 158 mm. Language: English . Brand New Book. From Adam Steltzner, who led the Entry, Descent, and Landing team in landing the Curiosity rover on the surface of Mars, comes a profound book about breakthrough innovation in the face of the impossible The Jet Propulsion Laboratory (JPL) is home to some of history s most jaw-dropping feats of engineering. When NASA needed to land Curiosity a 2,000-pound, \$2.5 billion rover on the surface of Mars, 140 million miles away, they turned to JPL. Steltzner s team couldn t test their kooky solution, the Sky Crane. They were on an unmissable deadline, and the world would be watching when they succeeded or failed. At the helm of this effort was an unlikely rocket scientist and accidental leader, Adam Steltzner. After barely graduating from high school, he followed his curiosity to the local community college to find out why the stars moved. Soon he discovered an astonishing gift for math and physics. After getting his Ph.D. he ensconced himself within JPL, NASA s decidedly unbureaucratic cousin, where success in a mission is the only metric that matters. The Right Kind...

Reviews

This book is definitely not straightforward to get started on studying but extremely exciting to read. It is really simplistic but shocks in the 50 percent of the ebook. Once you begin to read the book, it is extremely difficult to leave it before concluding.
